Dear Nevada Fire Service Colleagues:

I submit to you the Nevada State Fire Marshal 2009 Annual Fire and Incident Response Statistics Report compiled from data your department entered into the Nevada/National Fire Incident Reporting System (NFIRS). Due to fiscal constraints, our report is being sent to you electronically and will also be available on the State Fire Marshal Division website at www.fire.state.nv.us.

The goal of NFIRS is to encourage the use of a standardized incident reporting system as a means of identifying and addressing the state's fire problem and related emergency service issues. Through its use, NFIRS can play a major role in reducing injuries, fatalities, and economic issues from fires and related emergencies by facilitating the collection, compilation, analysis, and use of data to develop and disseminate valuable statistic needed by decision makers. For example, during the 2009 Legislative Session, we had two important fire safety measures before the Legislature, which were ultimately passed and signed into law, however, during preparations for hearings and testimonies, we found that we did not have adequate or accurate statistical information available to us to use should we have been challenged on the needs and merits of the Fire Safe Cigarette or Novelty Lighter legislation.

The fire and incident information, which is gathered from the reporting departments, provides a vital resource of statistical data which can be shared statewide to assist the State Fire Marshal and the State's Fire Services in determining fire cause trends and specific areas of fire losses that may need to be addressed. Keep in mind that our data is only as good as the information that is, or is not, accurately reported, I urge each reporting entity, just as I have for the past three years, to implement an incident report review process within its agency to ensure consistent, accurate, complete and timely documentation which meets the NFIRS standard. It is imperative that the report information entered into NFIRS is reflective of actual incident activity.

With this said, a requirement, as a result of legislation, is that the State Fire Marshal shall submit to the Legislature, a written report confirming the effectiveness of the provisions of the Fire Safe Cigarette Law. I think that you can realize and appreciate concerns which I have about attempting to produce a mandatory written report to the Legislators based on inadequate or incorrect data.

One statistic which I am personally interested in is statewide fire fatalities. Since arriving here, I have manually tracked the number of fire deaths compiled from media information, personal knowledge from State Fire Marshal Investigator responses and from Department notifications.

Each year, the numbers that I have tracked, which I feel are relatively accurate, have not matched that which are reported in NFIRS. As we were reviewing the data for the 2009 Report, I was disturbed to find that the total number of fire deaths reported was nearly half of what I had compiled manually. Case in point was one of the Southern Nevada fire departments only reported into NFIRS two (2) of the eight (8) civilian fire fatalities, which had been accurately confirmed with the department. So for 2009, I have personally recorded 17 civilian fire deaths statewide, NFIRS is only reporting 9.

We have to do a better job with this. The statewide fire death statistics is the most asked for number and as you can see, I cannot rely upon the NFIRS numbers for accuracy.

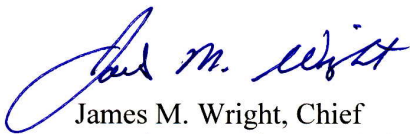

I urge you to assist me in finding ways or means to improve our reporting accuracy.

I am equally concerned and disappointed that our NFIRS reporting performance is continually slipping backwards from an 86% reporting performance in 2006 to a 63.5% in 2009. We will continue to encourage and assist those fire departments who are not currently participating in NFIRS to be able to do so, and will also assist departments who may experience difficulties in reporting. It is extremely important for us to ultimately capture and accurately submit all of the fire and incident response data we can to enable us to determine a true and complete picture of Nevada's fire service demands.

The State Fire Marshal Division is dedicated to providing the Nevada Fire Service our support and assistance to the best of our ability. We personally and professionally strive to provide you meaningful information and not information which is skewed and useless. In these difficult fiscal times we are facing, I have to consider what functions the State Fire Marshal Division can continue to provide. The NFIRS Annual Reporting involves a tremendous amount of staff and time to produce. If we cannot improve the reporting performance and the accuracy of the data submitted, then the NFIRS Annual reporting responsibility of the State Fire Marshal may become a candidate for elimination of service.

I personally wish to thank the Nevada Fire Service for the outstanding service you provide your communities in making them fire safe.

Yours Truly in Fire Safety,

James M. Wright, Chief
Nevada State Fire Marshal Division

Some Words from the Nevada NFIRS Program Officer

Lost opportunities. We have all had them and wished we could go back in time to re-apply ourselves differently to get the better outcome. This year we have witnessed many state agencies and businesses cutting back, laying off and some just closing their doors for good. Fire departments all over Nevada are in crisis mode trying to save jobs, equipment, services to their communities and just surviving through cut after cut of the budget.

What if we marketed ourselves better and got away from keeping fire data in-house, locked in a drawer somewhere, never to see the light of day? What if we made our data visible to our constituents, the public and other agencies? The answer is, helping yourself and your department by telling your story.

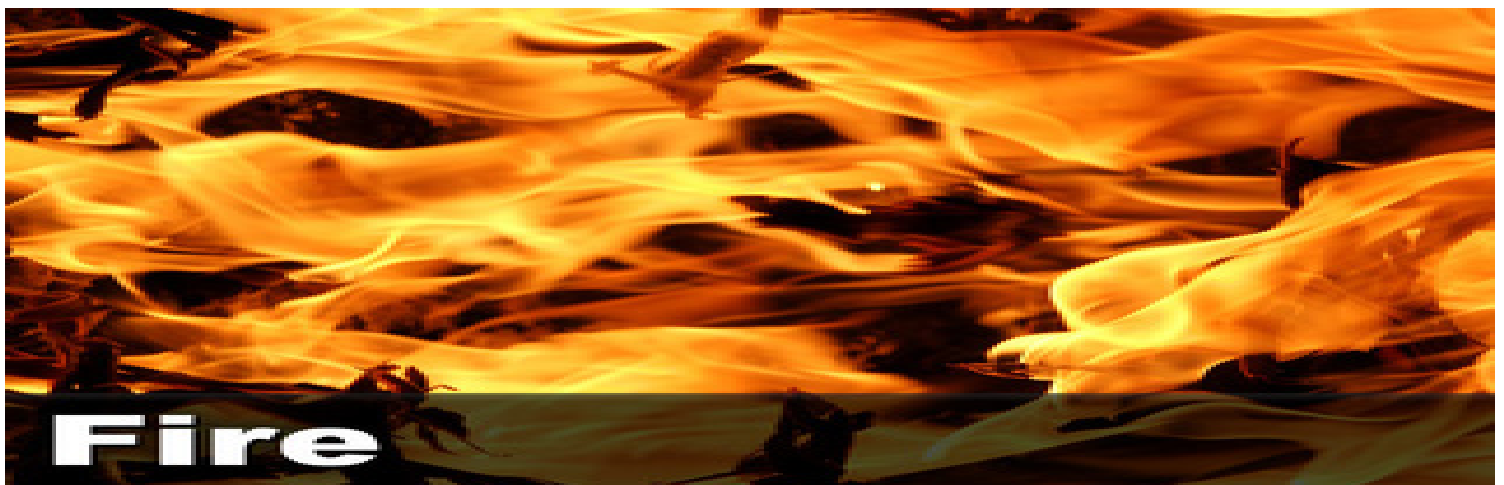

Fighting Fires with Facts, Re-marketing your department or just putting yourself out there (whatever you want to call it) will put validity and factual information on every request you make when it comes time to present your case to the council, Chief or any agency that is involved with decisions for your department. Would you rather go in blind with no data to back up your facts and take a chance on getting a position cut or that important piece of equipment deleted from inventory? Of course not.

In our ever changing world of today, Fire Information and Statistics is your **FIRST LINE OF DEFENSE** in dealing with these issues. The more you document the better your argument. Think of it as putting money in the bank for a rainy day. Guess what the rain has been falling for months now!!

Your fire data must be collected, analyzed and acted upon quickly and this data needs to be dispersed to the public and all agencies so they can see what you do, how well you do it and what services are suffering because you don't have the money or resources available. NFIRS does this for you.

I ask each of the Nevada Fire Departments to make a big push for collecting their data in 2010 and show your story to the people of this great state and those that make decisions on where the money pie is sliced and handed out. Don't find yourself looking at a **Lost Opportunity.**

Danny M. Brennan, CPM
Nevada State Fire Marshal Division
Bureau Chief,
Fire Protection Licensing / Permitting,
Prevention and Fire Data Offices

Nevada National Fire Incident Reporting System (NFIRS) State Statutes

State of Nevada Statutes that mandate National Fire Incident Reporting System (NFIRS) use

NRS 477.030, Duties; powers (State Fire Marshal), paragraph 7

The State Fire Marshal shall put the National Fire Incident Reporting System into effect throughout the state and publish at least annually a summary of data collected under the system.

NAC 477.905 National Fire Incident Reporting System: Reporting requirements. (NRS 477.030)

For the purposes of the National Fire Incident Reporting System to be put into effect throughout this state as required by NRS 477.030:

1. All local fire jurisdictions in this state shall report to the State Fire Marshal such statistics and data required to publish a summary of fire incident information that is compatible with the National Fire Incident Reporting System. Any fire service within this state may obtain a copy of the annual report from the State Fire Marshal at no charge.
2. The State Fire Marshal will report the statistics, which he/she collects pursuant to this section to the National Fire Information Council semiannually. Because the State of Nevada has been designated as an “all-incident reporting state,” local fire jurisdictions shall report their statistics in a timely manner and in accordance with reporting deadlines established by the State Fire Marshal. (**Note: See page 4 of this report for deadlines).
3. A local fire jurisdiction that is facing technical difficulties in providing information pursuant to this section will receive assistance from the State Program Manager for the National Fire Incident Reporting System within the State Fire Marshal division.
4. A local fire jurisdiction may use computer-aided programs in reporting its information if the programs have been certified for such use by the National Fire Information Council.

NFIRS – Deadlines, Commitments and Other Items

Deadlines

All NFIRS reports should be submitted ***NO LATER THAN*** the first Friday following the end of a month. If that day is a holiday, then the following Monday is the deadline.

The cut-off for the previous year's data is the last day of February.

Send all NFIRS Files to the NFIRS mailbox at: NFIRS@dps.state.nv.us

Send all files in a “.txt” format as the state system will not allow “.zip” files through their email system.

Commitments

The NFIRS Program Office is available Monday through Thursday 7:00 am – 6:00 pm, except Federal, State Holidays and mandatory Furlough Days (Summer schedule May through September) and Monday through Friday 7:00 am – 4:00 pm, except Federal, State Holidays and mandatory Furlough Days (Winter schedule October through April).

All data submitted will be transferred to the USFA in a timely manner and will be included in the National Database each year.

Statistical data requests will be handled as quickly as possible for all fire agencies. Please plan ahead and submit your request in as soon as possible so we have the maximum amount of time to work your request so we can provide you a quality response.

The annual NFIRS Report will be published and circulated throughout the state during May of each year for the previous 12-month period.

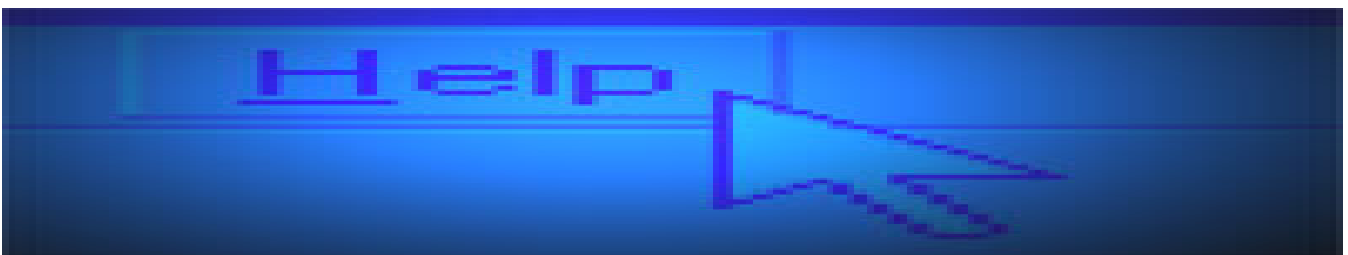

Training, NFIRS Client software installation and all support by the State NFIRS Program Office is provided free of charge to any and all fire departments and their employees. Please call the NFIRS Program Officer to receive the training and installation packet at: (775) 684-7526.

Other Items

The NFIRS Program Office is constantly pursuing any and all options to make reporting user friendly as possible at all levels.

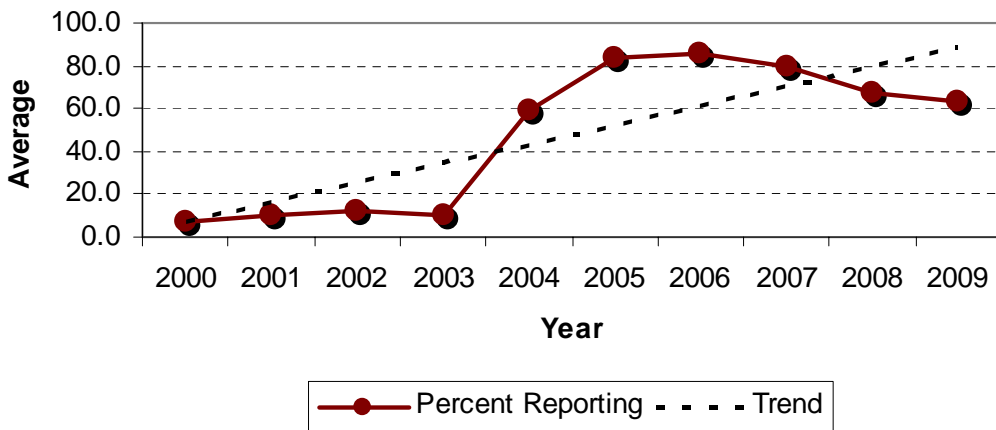

This is definitely a difficult undertaking and we are listening to everyone's concerns with the current methods versus the new programs available out there today. Please forward any and all comments you may have on making the NFIRS reporting system better for all of Nevada's firefighting elite!

Send your questions and comments to: dbrennan@dps.state.nv.us

Federal Assistance to Firefighters Grant Program

2009 Grant Awards

Assistance to Firefighters Grant Program (AFG)

The primary goal of the Assistance to Firefighters Grants (AFG) is to meet the firefighting and emergency response needs of fire departments and nonaffiliated emergency medical service organizations. Since 2001, AFG has helped firefighters and other first responders to obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect the public and emergency personnel from fire and related hazards.

| Department | City | Type | Awarded | Purchase Items |
|---|-----------------|---------------------|-----------|---------------------------------------|
| Elko Fire Department | Elko | Operations & Safety | \$106,407 | Personal Protective Equip (\$118,230) |
| McDermitt Fire District | McDermitt | Operations & Safety | \$9,025 | Equipment (\$9,500) |
| North Lake Tahoe Fire Protection District | Incline Village | Operations & Safety | \$257,160 | Equipment (\$270,694) |
| Walker River Volunteer Fire Department | Schurz | Operations & Safety | \$4,788 | Personal Protective Equip (\$5,040) |

Total Awarded - \$377,380

Staffing for Adequate Fire & Emergency Response Grant Program (SAFER)

The Staffing for Adequate Fire and Emergency Response Grants (SAFER) was created to provide funding directly to fire departments and volunteer firefighter interest organizations in order to help them increase the number of trained, "front line" firefighters available in their communities. The goal of SAFER is to enhance the local fire departments' abilities to comply with staffing, response and operational standards established by the NFPA and OSHA (NFPA 1710 and/or NFPA 1720 and OSHA 1910.134).

| Department | City | Type | Awarded | Purchase Items |
|--------------------------------------|------|--------|-----------|----------------|
| Elko County Fire Protection District | Elko | Hiring | \$577,678 | Staffing |

Total Awarded - \$577,678

Fire Prevention and Safety Grant Program (FP&S)

The Fire Prevention and Safety Grants (FP&S) are part of the Assistance to Firefighters Grants (AFG), and are under the purview of the Grant Programs Directorate in the Federal Emergency Management Agency. FP&S Grants support projects that enhance the safety of the public and firefighters from fire and related hazards. The primary goal is to target high-risk populations and reduce injury and prevent death. In 2005, Congress reauthorized funding for FP&S and expanded the eligible uses of funds to include Firefighter Safety Research and Development.

| Department | City | Type | Awarded | Purchase Items |
|--|---------------|-----------------|----------|----------------------------------|
| Fire Prevention Association of Nevada (FPAN) | Las Vegas | Fire Prevention | \$47,740 | Fire Prevention Items (\$47,740) |
| City of Sparks | Sparks | Fire Prevention | \$32,592 | Fire Prevention Items (\$32,592) |
| Storey County Fire Department | Virginia City | Fire Prevention | \$61,750 | Fire Prevention Items (\$61,750) |

Total Awarded - \$142,082

Assistance to Firefighters Station Construction Grant Program (SCG)

The Department of Homeland Security's Assistance to Firefighters Fire Station Construction Grants (SCG) provides financial assistance directly to fire departments on a competitive basis. The goal of the grants is to build new or modify existing fire stations in order for departments to enhance response capabilities and protect the community from fire and fire-related hazards.

| Department | City | Type | Awarded | Purchase Items |
|--|--------|--------------|-------------|---|
| Central Lyon County Fire Protection District | Dayton | Construction | \$2,091,524 | Fire Station Construction (\$2,091,524) |
| Sierra Fire Protection District | Reno | Construction | \$2,046,730 | Fire Station Construction (\$2,046,730) |

Total Awarded - \$4,138,254

**Total 2009 Grant Money Awarded to Nevada
\$5,235,394**
