July 10, 2015

Dear Nevada Fire Service Colleagues:

The 2014 Annual Fire and Incident Response Statistics Report for the State of Nevada prepared by the Nevada State Fire Marshal Division is presented. This report has been compiled from data Nevada's fire agencies submitted to the Federal Emergency Management Agency's (FEMA) National Fire Incident Reporting System (NFIRS). The report has been prepared for distribution as an electronic document and may also be downloaded on our website at [fire.nv.gov](http://fire.nv.gov).

The goal of NFIRS is to encourage the use of a standardized incident reporting system as a means of identifying and addressing the State's fire problem and related emergency service issues. NFIRS plays a major role in reducing injuries, fatalities and economic issues from fires and related emergencies by facilitating the collection, compilation, analysis and use of data to develop and disseminate valuable statistics needed by decision makers at all levels of government.

The fire and incident information, gathered from reporting departments, provides a vital resource of statistical data which can be shared statewide to assist Nevada's legislative and executive bodies, the State Fire Marshal and the State's fire agencies in determining fire cause trends and specific areas of fire losses that may need to be addressed.

The staff at the State Fire Marshal Division does not see specific fire incident reports submitted to FEMA and does not see which data may be missing until the annual download occurs in March of each year.

The most recent data download includes incident information from 126 out of 157 (80%) of the State's fire agencies covering 391,199 incidents. This continues an upward trend in the number of incidents responded to by fire agencies across the state.

Requests for statistical data are regularly received by the Division. If no data is input, the assumption by decision makers is that there is no problem and support for fire prevention, suppression and public education programs is no longer necessary either on a local level or at the state level. We encourage all agencies to participate in the NFIRS program and will do everything possible to support, answer questions or direct local agency personnel to resources to assist with NFIRS reporting.

Our staff remains available by phone or email to assist departments who may experience difficulties in reporting. Bureau Chief Danny Brennan is available to answer questions and direct fire service professionals to the assistance they need.

A brief review of the data submitted by Nevada's fire agencies show that actual fires continue to be a small part of the incident responses, accounting for only 2.38-percent of all calls. Also evident is the fact that the State's fire issues continue to revolve around residential occupancies accounting for over \$15,200,000 in property damages reported. Fires in public and mercantile occupancies resulted in over \$1,700,000 in damages while industrial fires damaged over \$1,500,000.

Founded in 1965 by legislative action, signed into law by Governor Grant Sawyer, the State Fire Marshal Division has seen remarkable changes in the growth of the state and continual improvement in fire and life safety both at work and at home. Through five decades of service to Nevada, its residents, guests and those just passing through, the staff of the Division, past and present, recognize and appreciate the support received over the years from the fire and emergency services across the state. I also personally want to thank the Nevada Fire Service for the outstanding service you provide every day to make this State's communities fire safe.

Yours Truly in Fire Safety,

Peter J. Mulvihill, P.E.  
Chief, State Fire Marshal Division  
Nevada Department of Public Safety

**Did your Department Have**

**for the Month?**

During a typical year in Nevada, there are many rural Fire Departments around the state that fortunately have no incidents to report. However this does not mean you get a pass from reporting in NFIRS. You still need to file a **No Incident Report** into NFIRS. How do you do this? Here are the instructions of how to file a No Incident Report through the FEMA Website:

1. Go to the Web-based Tools at the following link: <https://www.nfirs.fema.gov/NFIRSWebTools/welcome.do>
2. Click “Report Incidents (DEBI)” on the left hand side of the screen
3. Log-in
4. Click “New Incident” at the top of the screen in the green bar
5. The Incident Key box will open. Enter the last day of the month in which your department had no activity, put all 0’s for the incident number, click the “No Activity” box and click “Save”.

If you are currently using vendor software, please contact them to get specific instructions on how to file a No Incident Report as it is more than likely a different process.

---

While we are on the subject, I asked the knowledgeable people at FEMA this question; **“Why do departments need to file a No Incident Report and what is the benefit of doing one?”**

**ANSWER:** *Every fire department is responsible for managing its operations in such a way that firefighters can do the most effective job of fire control and prevention. Effective performance requires careful planning, which can only take place if accurate information about fires and other incidents are available. Patterns that emerge from the analysis of incident data can help departments focus on current problems, predict future problems in their communities and measure their programs' successes. The absence of an incident can be the result of any number of factors, one of which could be an effective public education campaign on fire safety as well as other public safety matters.*

*Even if a department is only reporting No Activity reports to the State, their information is combined with incident data from other departments statewide and analyzed to determine the state of the state.*

**Click Here to Return to TOC**

The state then submits this information to the National Fire Data Center (NFDC) at the USFA. The NFDC, can then compare and contrast statistics from states to develop national public education campaigns, make recommendations for national codes and standards, guide allocation of federal funds, ascertain consumer product failures, identify the focus for research efforts and support federal legislation.

In addition, NFIRS documents the services fire departments provide to their communities for assessment, planning, and prevention. Accurate and complete data is essential in understanding the many roles of the fire service from local, state, and national views. In my opinion, it is more damaging to a fire department not to report than to report no activity for the month; an honest assessment is better than an intentional omission. I have found that departments complete no activity reports when they actually have provided services. Ask your departments to look at the service call codes and the good intent call codes in NFIRS. If they respond to any of those call types, they should complete an NFIRS report. Accurate and complete data helps an organization (e.g., fire department) and the constituents (e.g., the community) it serves.

### **Service Call Codes in NFIRS:**

#### **Service Call**

##### **Person in distress**

- 511 Lock-out. Includes efforts to remove keys from locked vehicles. Excludes lock-ins (331).
- 512 Ring or jewelry removal, without transport to hospital. Excludes persons injured (321).
- 510 Person in distress, other.

##### **Water problem**

- 521 Water (not people) evacuation. Includes the removal of water from basements. Excludes water rescues (360 series).
- 522 Water or steam leak. Includes open hydrant. Excludes overpressure ruptures (211).
- 520 Water problem, other.

##### **Smoke, odor problem**

- 531 Smoke or odor removal. Excludes the removal of any hazardous materials.

##### **Animal problem or rescue**

- 541 Animal problem. Includes persons trapped by an animal or an animal on the loose.
- 542 Animal rescue.
- 540 Animal problem or rescue, other.

##### **Public service assistance**

- 551 Assist police or other governmental agency. Includes forcible entry and the provision of lighting.
- 552 Police matter. Includes incidents where FD is called to a scene that should be handled by the police.
- 553 Public service. Excludes service to governmental agencies (551 or 552).
- 554 Assist invalid. Includes incidents where the invalid calls the FD for routine help, such as assisting a person in returning to bed or chair, with no transport or medical treatment given.
- 555 Defective elevator, no occupants.
- 550 Public service assistance, other.

##### **Unauthorized burning**

- 561 Unauthorized burning. Includes fires that are under control and not endangering property.

##### **Cover assignment, standby at fire station, move-up**

- 571 Cover assignment, assist other fire agency such as standby at a fire station or move-up.

##### **Service call, other**

- 500 Service call, other.

So the short answer is, please put something into NFIRS each and every month as your data is just as important as those major departments reporting thousands of runs each month. Plus you qualify for all federal grants offered and your data is included in all Nevada State annual reports as well as Federal FEMA reports given out nationally. Your data is your story of your department and the communities you serve!

# Nevada National Fire Incident Reporting System (NFIRS) State Statutes

---

## State of Nevada Statutes that mandate National Fire Incident Reporting System (NFIRS) use

*NRS 477.030, Duties; powers (State Fire Marshal), paragraph 7*

The State Fire Marshal shall put the National Fire Incident Reporting System into effect throughout the state and publish at least annually a summary of data collected under the system.

*NAC 477.905 National Fire Incident Reporting System: Reporting requirements. (NRS 477.030)*

For the purposes of the National Fire Incident Reporting System to be put into effect throughout this state as required by NRS 477.030:

1. All local fire jurisdictions in this state shall report to the State Fire Marshal such statistics and data required to publish a summary of fire incident information that is compatible with the National Fire Incident Reporting System. Any fire service within this state may obtain a copy of the annual report from the State Fire Marshal at no charge.
2. The State Fire Marshal will report the statistics, which he/she collects pursuant to this section to the National Fire Information Council semiannually. Because the State of Nevada has been designated as an “all-incident reporting state,” local fire jurisdictions shall report their statistics in a timely manner and in accordance with reporting deadlines established by the State Fire Marshal. (\*\*Note: *See Deadlines, Commitments and Other Items page of this report for deadlines*).
3. A local fire jurisdiction that is facing technical difficulties in providing information pursuant to this section will receive assistance from the State Program Manager for the National Fire Incident Reporting System within the State Fire Marshal division or may call the FEMA NFIRS Help Desk at (888) 382-3827.
4. A local fire jurisdiction may use computer-aided programs in reporting its information if the programs have been certified for such use by FEMA.

# NFIRS – Deadlines, Commitments and Other Items

---

## Deadlines

The cut-off for the previous year's data is the last day of March. The data is usually collected by this office from FEMA in late May for the annual report.

Fire agencies must submit all NFIRS Data through the FEMA Website at:

<https://www.nfirs.fema.gov/NFIRSWBI/jsp/authentication/login.jsp>

If an agency is using a third-party software program, follow the program vendor's directions.

## Commitments

The Nevada State Fire Marshal Division's Fire Data Office is available Monday through Friday 7:00 am – 4:00 pm, except Federal or State Holidays and mandatory Furlough Days, (775-684-7526).

All data submitted to FEMA in a timely manner will be included in the National Database each year. It is highly recommended that all agencies submit data on a regular basis throughout the year.

Statistical data requests will be handled as quickly as possible for all fire agencies. Please plan ahead and submit your request for data as soon as possible so we have the maximum amount of time to work your request and provide a quality response.

The annual NFIRS Report is published electronically and posted to our website at: <http://fire.nv.gov/> and circulated throughout the state via email usually the first week of July of each year for the previous calendar year.

## Other Items

The Fire Data Office is constantly pursuing any and all options to make reporting user friendly as possible at all levels.

Please forward any and all comments you may have on making the NFIRS reporting system better for all of Nevada's firefighting elite!

Send your questions and comments to: [dbrennan@dps.state.nv.us](mailto:dbrennan@dps.state.nv.us)

Report Period: From 01/01/2014 to 12/31/2014

## Summary:

Total Incidents: 391,270  
FDIDs with Incidents: 47

## Breakdown by Category:

	Count	Percent
<b>Breakdown by Status:</b>		
Valid:	389,398	99.52 %
Invalid:	1,857	0.47 %
No Activity Incidents:	15	0.00 %
<b>Breakdown by Release:</b>		
Unreleased:	2,783	0.71 %
Released:	388,487	99.29 %
<b>Breakdown by Version:</b>		
NFIRS Version 4.1:	0	0.00 %
NFIRS Version 5.0:	391,270	100.00 %
<b>Breakdown by Exposure:</b>		
Primary:	391,209	99.98 %
Exposure:	61	0.02 %
<b>* Breakdown by Mutual Aid:</b>		
Aid Given:	5,536	1.41 %
Aid Received:	2,547	0.65 %
Aid None:	383,172	97.93 %
<b>* Breakdown by Type:</b>		
Fires:	9,324	2.38 %
EMS Only:	313,876	80.22 %
Non-Fire & Non-EMS:	68,055	17.39 %

\* - The "Breakdown by Mutual Aid" and "Breakdown by Mutual Type" sections exclude "No Activity" Incidents. Additionally "Mutual Aid, Other" incidents are counted as "Aid None" under the "Breakdown by Mutual Aid" section.

# Federal Assistance to Firefighters Grant Program

## 2014 Grant Awards

### Assistance to Firefighters Grant Program (AFG)

The primary goal of the Assistance to Firefighters Grants (AFG) is to meet the firefighting and emergency response needs of fire departments and nonaffiliated emergency medical service organizations. Since 2001, AFG has helped firefighters and other first responders to obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect the public and emergency personnel from fire and related hazards.

Department	City	Type	Awarded	Purchase Items
No Grants Awarded for 2014				

Total Awarded - \$0

### Staffing for Adequate Fire & Emergency Response Grant Program (SAFER)

The Staffing for Adequate Fire and Emergency Response Grants (SAFER) was created to provide funding directly to fire departments and volunteer firefighter interest organizations in order to help them increase the number of trained, "front line" firefighters available in their communities. The goal of SAFER is to enhance the local fire departments' abilities to comply with staffing, response and operational standards established by the NFPA and OSHA (NFPA 1710 and/or NFPA 1720 and OSHA 1910.134).

## Fire Prevention and Safety Grant Program (FP&S)

The Fire Prevention and Safety Grants (FP&S) are part of the Assistance to Firefighters Grants (AFG), and are under the purview of the Grant Programs Directorate in the Federal Emergency Management Agency. FP&S Grants support projects that enhance the safety of the public and firefighters from fire and related hazards. The primary goal is to target high-risk populations and reduce injury and prevent death. In 2005, Congress reauthorized funding for FP&S and expanded the eligible uses of funds to include Firefighter Safety Research and Development.

No Grants Announced Yet for 2014				

Total Awarded - \$0

## Assistance to Firefighters Station Construction Grant Program (SCG)

The Department of Homeland Security's Assistance to Firefighters Fire Station Construction Grants (SCG) provides financial assistance directly to fire departments on a competitive basis. The goal of the grants is to build new or modify existing fire stations in order for departments to enhance response capabilities and protect the community from fire and fire-related hazards.

Department	City	Type	Awarded	Purchase Items
No Grants Announced Yet for 2014			\$0	

Total Awarded - \$0
