

## **Nick Moriarty, P. E.**

**Executive Director of Fire Protection**

**JBA Consulting, Las Vegas**

**Term: 11/30/2015 - 6/30/2019**

**Category: Professional Engineer**

Nick Moriarty serves as Executive Director of the Fire Protection department for NV5 (acquired jba consulting engineers in 2016) in Las Vegas. His nearly 13 years of experience in fire protection and life safety have led him to work in technical and complex designs in residential, hotel/casino, correctional, and educational projects. Mr. Moriarty has dedicated his career to training and specializing in code consulting, smoke control, fire alarm and fire sprinkler design, hazard analysis, and specifications for passive building systems. In 2010, Moriarty received his professional engineering license in Nevada and is now registered in 23 states and territories across the country. In addition to his time on the Board of Fire Services (board member since November 2015), he served as president for the Southern Nevada chapter of the Society of Fire Protection Engineers in 2012 and he also sits on the executive board of the Southern Nevada Chapter of the International Code Council where he was granted the Industry Person of the Year award for 2011. For the past several years, he has been involved in working with several local community organizations and has participated in raising money for childhood cancer research.
